Welcome to the Richardson Middle School!

September 2019

Dear Middle School Students & Families,

Welcome to the Richardson Middle School, a community of learners! I am looking forward to the 2019-2020 school year, and will make every effort to ensure that your school year is productive, engaging, fun and exciting! This handbook is designed to inform students and families of our policies and procedures. It contains valuable information about academics, expectations and the organization of the Richardson Middle School.

The middle school is now in its sixth year. We work tirelessly to meet the distinct needs of early adolescent students. Using the Turning Points model, our planning and decisions are focused on creating a school community that fosters the learning and development of young adolescents. In our school, adults and young people work together to create a school community that celebrates this fascinating period of childhood that includes rapid physical, intellectual and social growth. During these middle school years, our goal is to support every student as they make the transition from elementary school to high school.

This is a time to explore. I encourage students to develop new interests, skills, and relationships.
A primary goal of our school is to nurture your learning. Teachers will ask you to think more independently and study effectively as they support you in becoming a life-long learner. You will work collaboratively and independently. You will need to set priorities and manage your time and responsibilities.

I encourage you to read the handbook carefully and use it for future reference. Please pay particular attention to the handbook sections that focus on behavior expectations and student discipline. If you have any questions or concerns, please do not hesitate to contact the school.

Together we can ensure a successful middle school experience for every student. Welcome to the Richardson Middle School!

Sincerely,

Maria McGuinness

MISSION STATEMENT
The Dracut School Community is committed …

TO FOSTERING a safe and caring learning environment where autonomy, collaboration, and mutual respect are valued.

TO PROVIDING our students with the knowledge and skills necessary for reaching their individual potential.

TO INSPIRING all students to persevere, to become critical thinkers, to become good community members, and to become lifelong learners.

VISION STATEMENT
The Dracut Public Schools aspires to be a world-class school system that develops the heads, hearts, and hands of its students and inspires them to be the critical thinkers, problem-solvers, and innovators who make contributions to their communities, our nation, and the world.

We believe and value:
1. The individuality and uniqueness of each child.
2. The special talents and abilities of each child.
3. The truth that all children can learn.
4. The respect for personal and cultural diversity.
5. The respect and dignity of each member of the school community.
6. The student's right to equal access to educational opportunity.
7. The necessity of strong community partnerships.
8. The dedication and passion of our employees.

RICHARDSON MIDDLE SCHOOL ORGANIZATION
Using the Turning Points framework, our school is organized to meet the academic, social and emotional needs of young adolescents. All decisions focus on what is best for every Richardson Middle School student. Students are assigned to teaching teams at each grade level. In grade 6, students have teams of two teachers. In grades 7 & 8, students have four teachers. In addition to subjects like English Language Arts, Math, Science and History, there are other course offerings. These include art, music, health, physical education, consumer science, technology, and STEAM.
SCHOOL HOURS

School begins at 7:15am. Students are expected to be in their first period class at 7:15 am or they are considered tardy to school. Doors open at 7:05 am. School dismissal is at 1:45pm. Students are encouraged to participate in any of our after school programs. This includes late help, athletics, drama, music, co-curricular activities, and detentions. Students are not to hang around school grounds after dismissal. They should not be on the school grounds of the high school, Brookside Elementary, or Englesby Elementary schools before or after school.

ARRIVAL AND DEPARTURE

Parents who drive students to school in the morning or pick them up in the afternoon are asked to enter and exit the school perimeter through the driveway at the rear of the building, closest to the gymnasium. The front driveway is for bus drop off.

There will not be adequate supervision of students before 7:05 AM or after 2:30 PM. For the safety of students, they are not to be in the school building or on school grounds before 7:05 AM or after 2:30 PM on any day school is in session, except for the following purposes:

- To meet with or be under the supervision of a member of the school/district staff
- To participate in a supervised school sponsored activity
- To attend a scheduled event as a spectator in a designated area

Upon arrival at school, students are expected to be in their designated areas:

**Grade 6:** Gymnasium
**Grade 7:** Cafeteria
**Grade 8:** Outside in front of the school or (weather depending) the main lobby

WALKING/BICYCLES/SKATEBOARDS

The roadways and parking areas are very busy during the morning and afternoon when school is beginning and ending each day. It is especially important that parents follow the rules of dropping off their students and exiting school grounds as posted. It is important for students to be aware of their surroundings and traffic, including bus movement. When on a bus wait until the bus is completely stopped to get up and exit. Keep hands and heads inside the windows. Walkers and those on bikes need to be courteous and careful. Bikers may lock their bikes on the bike rack in front of the main entrance to the school. If a student has a skateboard, they may carry it into the building and leave it with the main office when they enter the building.
SECURITY

In order to maintain a secure environment, students will enter and exit at all times through the doors designated for their grade. Students are not allowed to have visitors accompany them to school. This includes friends and relatives from other towns or school districts. If a student notices any person inside or outside the building who does not attend this school, he/she is to notify a teacher and/or adult, or come to the office directly to report the trespasser. Students should never directly confront a stranger. They should always notify an adult and let the adult address the problem. All exterior doors to the school will remain locked at all times. **Students are not to open an exterior door from the inside to allow an individual to enter the building, unless they are specifically instructed to do so by a staff member.** Any visitor wishing to enter the school must go to the main lobby door and buzz for admittance. This will also apply to students who arrive to school late.

EMERGENCY EVACUATION OF THE BUILDING

In an emergency (when it is necessary to evacuate everyone in the building), an alarm will sound and teachers will escort students out of the building following the evacuation plan that is posted in every classroom. **Upon exiting the building, students must check in with their classroom teacher.** If any student was not with their regularly scheduled teacher when the alarm went off, once outside, the student should report to any nearby staff member for attendance purposes.

EMERGENCY INFORMATION/CHANGE OF ADDRESS

In order to reach a parent/guardian in an emergency, the school must have current contact information for every student. This information is usually obtained at the beginning of every school year, but should be updated whenever there is a change of address or phone number. The following information is important to have on file:

- Parents/guardians names
- Home address
- Email address
- Home phone, work phone, cell phone numbers
- Emergency phone number of relative or friend
- Physician’s name and phone number
- Medical information

Please inform the school office personnel immediately if you have a change of address or telephone number. It is imperative that we have the most current information on file should there be a school related emergency. If parents are away the office needs all contact information of the temporary guardian.
ATTENDANCE

Regular attendance and coming to school on time are two requirements for success in school. Every effort should be made to attend school. Absences due to illness or other serious reasons are, of course, understood. If a child is absent, it is the responsibility of the parent/guardian to keep the school informed each day of the absence. Parental communication is essential, as well as appreciated, but it is not considered an excuse for the child’s absence. A parent/guardian must call the school to report the student’s absence by 8:00 am. If the school does not receive a call from the parent/guardian, an automated call will be sent to the home.

The attendance telephone number is 978-957-3330 ext. 155 this number is in operation 24/7. When calling, please state your name, the child’s name and grade and the reason for the absence. When the student returns to school, we require that a parent send a note containing an explanation for the absence. The note should include the exact date(s) of the absence(s).

The Dracut Public Schools, pursuant to M.G.L. c. 76, § 1B, has a policy of notifying the parent or guardian of a student who has at least 5 days in which the student has missed 2 or more periods unexcused in a school year or who has missed 5 or more school days unexcused in a school year. This policy requires that the school principal, or a designee, make a reasonable effort to meet with the parent or guardian of a student who has 5 or more unexcused absences to develop action steps for student attendance. The action steps shall be developed jointly and agreed upon by the school principal, or a designee, the student and the student’s parent or guardian and with input from other relevant school personnel and officials from relevant public safety, health and human service, housing and nonprofit agencies.

The Principal reserves the right to reject any explanation for absence which is not found to be factual, and reserves the right to excuse any absence which has occurred due to mitigating circumstances or for obvious medical reasons. Providing a note documenting an absence due to bereavement or medical documentation to verify a prolonged illness will (in most cases) allow us to record the absence as excused (instead of unexcused). Students will not be allowed to attend after school activities on the day they are absent from school.

Any student whose cumulative unexcused school tardy record reaches four (4) times per marking period will be assigned an office detention. At the accumulation of seven (7) school tardies - 2 office detentions will be assigned. At an accumulation of ten (10) tardies or more students will attend a three (3) hour Saturday School Session and their parents will be required to meet with school administrators in an effort to resolve the situation. The school will notify parents in writing of attendance/tardy concerns on a quarterly basis. The intent is that the school and family will work together to improve the student’s attendance record.

The Attendance Officer for the school district will be notified of excessive and chronic absences and/or tardies. A meeting with school officials may be scheduled for poor attendance. If interventions do not lead to an improvement in student attendance, the school and Attendance Officer will file a Child Requiring Assistance petition to request additional supports for the student and family.
**MISSED WORK**

When a student is absent from school, missed work must be made up when you return. When a student returns, they should seek out the teachers, and gather missed assignments. Students are encouraged to stay for late help to make up missed work. Teachers will help students with make-up work, but the responsibility for finding out assignments and for completing them is the student’s. If a parent or guardian requests work for an absent student, it should be done before 9 am and they may pick up the work in the main office after 2 pm.

The school calendar provides three school vacations during the academic year. The school system does not condone and, indeed, strongly discourages the practice of parents or others taking students on extended vacations when school is in session. Teachers are not required to prepare work ahead of time for any absence due to vacations.

**SCHOOL DISMISSAL & LEAVING SCHOOL GROUNDS**

Any student who is being dismissed from school must have a written note that is turned in to the office when they arrive at school in the morning. This note must state the student’s name, grade level, the date, time of dismissal, and reason for dismissal. All students being dismissed must sign out at the office before leaving school. A parent or designated adult must come to the office to pick up the student.

If you need to have your child dismissed to anyone else during school time or at dismissal, you must have a note sent to the office. In the note please state your child’s name, grade level, the date, time of dismissal, reason for dismissal, and who will be picking up your child. Please inform the person that positive identification will need to be provided. In cases of court custody/guardianship or temporary/permanent restraining orders a copy of the document must be on file at the school.

Permission to leave does NOT ensure class time missed will be counted as an excused absence. In order for the class time missed to be excused, the student must return with documentation from the stated reason for the dismissal (medical/dental note). In all cases of dismissal from school, the student must sign-out at the main office before leaving the building. Students are responsible for obtaining assignments and homework for all classes missed.

Parents are encouraged to make appointments for RMS students outside of the school day.

**CHILD REQUIRING ASSISTANCE**

Under M.G.L. c. 119, § 21, a child may be eligible for “Child Requiring Assistance" services through the juvenile court system if the child: repeatedly runs away from the home of a parent or legal guardian; repeatedly fails to obey the lawful and reasonable commands of a parent or legal guardian, thereby interfering with the parent's or legal guardian's ability to adequately care for and protect the child; repeatedly fails to obey lawful and reasonable school regulations; or is “habitually truant.” A school aged child is “habitually truant” when not otherwise excused from attendance in accordance with lawful and reasonable school regulations, willfully fails to attend
school for more than 8 school days in a quarter. The school can assist parents with pursuing “CRA” services and supports.
Under Chapter 119, section 51A of the Massachusetts General Laws, a report can be filed on behalf of a child under the age of eighteen for educational neglect if a child is not attending school on a regular basis. This report of suspected Child Abuse or Neglect, commonly referred to as a 51A, is filed with the Department of Children and Family Services. By law, school personnel are mandated reporters.

HALLWAY PASSING

- Students are to move to the right in passing through corridors.
- Running is not permitted anywhere in the school building except in the gym area under the direction of physical education teachers.
- Students may talk while moving from class to class, but they are expected to talk softly and to create as little disturbance as possible.
- Students who are not passing in the hallway during scheduled passing times, should have a hall pass. Students should also sign in and out of their classrooms if leaving the room during class time.
- Hall passes are issued by teachers or other staff members at his or her discretion.
- When in the hall you may be asked to show your pass. In the event that a student does not have a hall pass, disciplinary action will be taken.

SCHOOL CLOSINGS

In the event that the school will be closed due to bad weather or other emergencies, direct telephone messaging will occur to all primary phone numbers that are on record for students. Additional announcements will be made on the major Boston television channels and the Dracut Public Schools website (dracutps.org)

RESPECT

All members of the Richardson Middle School community are expected to exhibit a sense of care for themselves, one another and the environment. By respecting the rights and safety of others, respecting school and personal property, demonstrating an appreciation of individual differences, and acting in an environmentally conscientious manner, we all will be guaranteed a safe school environment.

PERSONAL & SCHOOL PROPERTY

Students are expected to respect the possessions of other members of the school community as well as all school property. Disciplinary consequences will be issued for handling, transporting, or using the school’s or others’ belongings without permission, as well as malicious destruction of property, which includes, but is not limited to altering, bending or damaging school materials, structures, belonging to the school or others. Damage to school property may result in restitution for cost of repair or replacement and/or criminal charges.
SCHOOL PROPERTY

Textbooks are loaned, not given to students. Payment in full will be expected for lost or damaged textbooks. Textbooks and other items found in the school building should be brought to the main office. These items will be placed in the lost and found area. Students should keep their textbooks covered and put their names on wearing apparel, textbooks, in purses, notebooks, organizers, etc. so that if lost, the item can be returned to its owner. Damaging or defacing school property will be dealt with appropriate discipline, restitution and/or criminal charges. Payment for any damage will be required, along with the appropriate penalty for such action. Students have a responsibility to report those who willfully destroy school property.

SECURITY OF PERSONAL BELONGINGS

Students are advised and expected to keep their books, clothing and other belongings secured or in their own possession at all times. All items lost or stolen should be reported promptly to the Office. To discourage theft, students are encouraged to mark their belongings with clear identification.

As a general rule, students should not bring valuables or large sums of money to school. If this is necessary, students should turn in valuables to the office for safekeeping. The school will not be responsible for valuables that are lost or stolen although every effort will be made to retrieve such items.

LOCKERS

Lockers are assigned to students at the beginning of every school year. Combinations to lockers are changed every summer and new combinations are issued at the start of the year. Backpacks, book bags, books and clothing should be stored in the locker. No drawing, writing or stickers of any sort may be on the lockers. This is considered defacing of school property and will result in disciplinary consequences.

All lockers are subject to search by the school administration and students do not have an expectation of privacy in school lockers.

Students are to use only the lockers they have been assigned. Sharing of lockers is not allowed. Lockers are to be kept locked. This practice is designed to protect all books and valuables. Information concerning lock combinations should not be shared. Students may go to their lockers before school, during a scheduled locker break, before and after lunch or physical education, and at the end of the day or if given written permission. Students may not use their lockers at other times of the day unless they have permission from a teacher.

BACKPACKS

Backpacks need to be secured in your locker during the school day. Backpacks are not to be used or worn or carried during the day, except if the student is moving to or from physical education classes and is carrying a small backpack with a change of clothing.
PHONE USE AND COMMUNICATION WITH PEOPLE OUTSIDE SCHOOL
School time is for the purpose of educational instruction and activities. If a student needs to call home there is a phone in the office that they may use. Students should obtain a pass from their teacher to use the office phone. If a parent needs to contact a student, calls must be received through the school office. Messages will be passed on in between class time.

CELL PHONES & ELECTRONIC DEVICES
Students often have cell phones, but these should be “off and away” during school hours. **If you bring an electronic device to school, they must be turned off and put in lockers at the start of the day.** The only time a student will be permitted to use a cell phone is for educational purposes (timers in science class, graphing calculator app, etc.) and under the direction of a teacher. **The Dracut Public Schools are not responsible for lost, stolen, damaged or broken devices.** If a parent needs to reach a student during the school day, please call the main office (978-957-3330) to leave a message. The use of cellular phones/beepers, cameras, iPods, and other electronic devices are deemed to be inappropriate for the classroom (unless the teacher directs the use of the item for classroom purposes). Any confiscated electronic device will be held in the main office until the end of the school day. If it becomes a chronic issue, the office will require that a parent/guardian pick up the device.

If a student wishes to bring an e-reader to school, a permission form is available in the office. It must be completed and returned to the main office. Forms need to be filled out yearly and kept on file in the main office. Students will acknowledge that the e-reader will be used for academic purposes only.

LUNCHES & CAFETERIA
Lunch periods are assigned by grade level. A schedule will be shared on the first day of school. Students may bring a lunch to school or purchase a hot or cold lunch from the cafeteria. The cost of a hot or alternate lunch, including milk is $3.25. Milk alone is .60 cents.

The Dracut Public Schools uses a point of sale (POS) system called NutriKids. NutriKids is the leading provider of food service management products and support for the K-12 market.

MySchoolBucks is a program that is a secure online student account system that ties in with the NutriKids system. MySchoolBucks is a great, secure online student account system that allows parents and guardians to view account balances, receive low balance email alerts, add money to student accounts set up automatic payments and view student purchases. Note that this is not the only prepay or payment options. We are still accepting weekly payment options in cash or check.

Additional information about Free & Reduced Lunch, School Menus and/or MySchoolBucks, including how to sign up, is available at [https://www.dracutps.org/district/food-services](https://www.dracutps.org/district/food-services) or [www.mySchoolBucks.com](http://www.mySchoolBucks.com).
While in lunch period, students are to behave in a courteous manner and maintain a clean area. Custodians will be available to clean up any accidental spills. Students must remain in the cafeteria area for all eating and drinking and are responsible for putting their trash into the designated barrels, wiping up all spills on the tables, seats and floor. If a student or group of students is identified as littering or misbehaving in the cafeteria, the individual(s) will be subject to disciplinary action for violating the rules of conduct in the cafeteria. Disorderly students may have the privilege of eating in the cafeteria suspended.

Teachers in charge of the cafeteria during lunch periods have the responsibility of supervising large numbers of students. Therefore, the Administration will take special measures to correct any behavior problems referred by teachers on duty in the cafeteria.

**Students are not allowed to bring food or drink out of the cafeteria.**
If a staff member asks students to pick up food or debris in the immediate area, students need to comply. Students will be dismissed from lunch only after a staff member has verified that the area is clean.

**LITTER AND RECYCLING**

The Richardson Middle School is committed to maintaining cleanliness throughout the entire building. Students are to dispose of all litter they produce using the appropriate receptacles. There are recycle boxes throughout the building. All bottles should be completely emptied before placing them in the box. Other garbage and debris should be placed in trash barrels located in the cafeteria and in any classroom. All school members should take pride in keeping our building clean. Disciplinary consequences will be issued for intentional littering.

**SCHOOL ACTIVITIES & CLUBS**

We encourage students to explore different activities and clubs in order to have a well-rounded middle school experience. Some of our offerings include: band, orchestra, chorus, drama club, student leadership, athletics, art & sculpture, cooking, yearbook, Knowledge Bowl, math team, National Junior Honor Society and robotics. We are open to new clubs and activities! Just ask if you do not see what you are interested in! If a student participates in an after school activity, they are able to take a late bus home Monday, Wednesday and/or Thursdays.

**SOCIAL EVENTS & OUT OF SCHOOL TRIPS**

The Richardson Middle School will sponsor socials during the school year. They are usually held on Fridays from 6:30 p.m. to 8:30 p.m. These events enable students to make friends, socialize and enjoy food, music and fun. At each grade level, field trips are planned throughout the year. Attending social events and field trips is a privilege that can be revoked if students are not in “good standing” in the weeks leading up to the event. Students in “good standing” are attending school regularly, upholding behavior expectations and passing all of their classes. Students must be in school on the day of the event and not have any major discipline issues in the weeks leading up to the event.
- Students will not be permitted to leave the dance prior to 8:30 p.m.
- The student must be in school on the day of the event
- Dances are for our middle school students only; no guests from other schools will be admitted.
- Coats worn to the dances will be kept in a locked room for the evening.
- Students should not bring large amounts of money with them.
- Parents should pick up their students promptly at the end of the event. Please communicate transportation plans with your child prior to the event.
- Students are not permitted to use their cell phone or electronic device to take pictures or videos at the event. Students who violate this precaution will have their device confiscated and will face disciplinary action.
- Appropriate dress and behavior are expected.
- No food or drink is allowed to be brought in from the outside to any dance/social.

**HEALTH SERVICES / NURSE**

**School Nurse**

The health suite is located on the first floor near the main entrance. Under normal circumstances, students should obtain permission from their classroom teacher before reporting to the school nurse. However, in emergency situations, students may report directly to the nurse. Students who are on medication must store the medication with the nurse in the health office. Medicines must never be left in lockers or carried by the student unless permission has been granted by the school nurse. (This includes aspirin, Tylenol/Advil, cough medicine, inhalers and any over-the-counter medicine.) Students may use cough drops with written permission from a parent and approval from the school nurse.

The school nurse provides preventative and emergency care to students and faculty and works closely with parents and guardians to ensure continued good health of every student. The nurse will provide support for children who become sick during the school day, who may be injured at school or who may need to have medications/treatments administered during the school day. The nurse will evaluate children who are ill and determine if they should remain in school or be sent home from school. It is extremely important that parents notify the school nurse should their child have a contagious disease or illness.

**Illness or Accident**

If a student becomes seriously ill or has a serious accident during school hours, the nurse is contacted. In the case of an accident, an “Incident Form” is completed, signed by the school nurse and principal and kept on file in the nurse’s office. A parent will be contacted immediately. If neither parent can be contacted, those persons listed on the emergency form will be contacted and if necessary, the family physician. Should a serious incident occur near the end of the school day, in which the nurse continues to have concerns about the student’s health, the student will remain at school until a parent can be notified to pick their child up at school.
Medication Policy

Prescription or non-prescription medications required by a student should be administered at home by a parent whenever possible. Parents should make every effort to have medication times set for time periods other than school hours. When this is not possible, the school nurse may administer the medication during school hours, subject to the following rules and procedures:

Prescription Medications

Any medications to be administered in school must be brought to the school nurse by a parent or guardian. If someone other than a parent is delivering the medication, the nurse should be notified in advance by the parent of the arrangement and the quantity of medication being delivered to the school. The parent must also provide the school with a written physician and parental consents giving the nurse permission to administer the medication during the school day. No medication of any kind will be given without this written permission. Please notify the school nurse if your child may be taking medications at home that may cause side effects while your child is in school.

No child will be allowed to transport medication to or from school unless he/she carries an emergency medication due to a life threatening condition. Students are not allowed to carry any medication of any kind, prescription or nonprescription, while in school unless there is a physician’s order and parent consent on file in the health office, and the nurse agrees the student is capable of self-administration. Medication must be kept in the nurse’s office where it will be properly stored and secured.

Consent forms for the administration of the prescription medication during the school day can be found on the Dracut Public School web site under the link for Departments, then health services. This consent, valid for one academic year, includes the following information to be completed by the physician or nurse practitioner:

- Child’s name
- Medication name with route of administration, dosage, frequency, and duration of medication to be taken
- Special care needed to store medication
- Reasons medication is being taken
- Side effects
- Termination date for administering the medication
- Pertinent medical history
- Other medication(s) student is taking
- Signature of physician with phone number

Medication must be supplied in the original prescription labeled container with the student’s name, name and dosage of medication, and time of administration. The school nurse shall record the date
medication is brought to school, ensure that the required authorization is on file, and count/record the amount of medication.

**Over the counter medications:** Per school policy, Tylenol and ibuprofen may be administered in grades 6-12 up to twice a week for simple headaches, minor dental pain, and discomfort from braces or menstrual cramps, providing that a parental consent is on file in the health office. This medication will be supplied by the school. These consent forms are available from the school nurse and can also be found on the school website. If it is anticipated that the student will need Tylenol/ibuprofen more than twice a week, or will need any other non-prescription medication, a doctor’s order is required.

**Retrieving medication:** Medication may be retrieved by a parent/guardian from the school at any time. If the medication is not picked up within one week following the termination of the order or one week beyond the close of school, the medication will be discarded.

**PHYSICAL EDUCATION/WELLNESS**

Students are required by state law to participate in the physical education program. Students are responsible for bringing appropriate dress and sneakers to all assigned physical education classes. Every student is encouraged to change out of his/her school clothes and into attire conducive to physical activity.

Acceptable clothing is defined as sweat pants, wind pants, athletic shorts, t-shirts, and sweatshirts. **Jeans, jean shorts of any kind, half-shirts and tank tops are unacceptable.** In addition, sneakers are the only permissible footwear. Inappropriate footwear includes: shoes, boots, sneakers with platforms, or sandals.

Students with long-term medical problems should see the school nurse. After consultation with the nurse and validation through a physician’s note, that student will be sent to the office for temporary reassignment.

The office and adjacent areas are not to be used as storage areas for gym bags or pocket books. Students have been provided with corridor and gym lockers. If oversized gym bags are a problem, then smaller ones are needed. The school is not responsible for lost equipment or valuables left in gym lockers or office areas.

Students are not permitted in the locker room or the lavatory without permission from the gym teacher and without signing the log sheet. Students who disregard this rule will be subject to disciplinary action.

**GYMNASium locker rooms**

Students are not to enter the physical education and athletic locker rooms during the school day except during their assigned physical education periods. To help prevent theft, students are encouraged to report instances of unauthorized persons in the locker rooms. Unauthorized persons are subject to search.
**SCHEDULE:**

The school day begins with an Advisory class, followed by six class periods. Each period is 45-60 minutes long. Lunch period is 25 minutes long.

CURRICULUM & ACADEMIC REQUIREMENTS

Students are assigned to teaching teams at the beginning of each school year. Every year, students will be enrolled in the following courses: Mathematics, English Language Arts, Science and Social Studies, Physical Education. Students may also be enrolled in one or more courses depending on the grade level and/or whether the student is enrolled in a music ensemble: Foreign Language, Health & Wellness, Computer Technology, STEAM, Art, Consumer Science, Orchestra, Band, Choral Arts. All courses have learning objectives documented in the Massachusetts Curriculum Frameworks.

In order to be considered in good academic standing, a student must be passing all of their courses. Students who do not pass two or more courses for the year, may be considered for retention and/or may be required to attend a summer remediation program.

Students in grade 8 who have not passed two or more of their courses or who have had a significant discipline history, may not be able to participate in end of year events.

GRADES & REPORT CARDS

Report cards are published four times per year in Aspen. Letter grades are used to indicate student progress.

HOMEWORK

Agenda books are available for purchase and allow students to record all homework assignments. Agenda books are expected to be carried with students to every class and between school and home. If a student loses their agenda book, they may purchase a replacement book from the main office for $5. It is our goal as educators to assist students in organizing themselves in such a manner that all students will become successful at recording, understanding and completing assignments thoroughly. The final step is to hand the assignment in on time.

Homework is an important and integral part of learning. Homework should support what is being learned in the classroom. It is expected that every student will do his or her homework as assigned. This will reinforce and enhance daily classroom learning. It will also prepare students for future quizzes, tests, and projects. If there is a question or concern that prevents a student from doing homework, they should ask a teacher for help. Check with teachers before or after school, or during class.
Discretion should be used by teachers in assigning homework prior to weekends, vacations, and holidays. Homework and projects should not be assigned so that due dates conflict with celebration of religious holidays. The amount and type of homework provided is determined by the teacher’s judgment of student abilities. Typically, students can expect to receive homework four nights of the week from core classes and occasionally from specialist classes (art, music, health, etc.)

**Parent Responsibilities for Homework**

Homework is a responsibility that rightfully belongs to the child, not the parents. Direct parental participation should be minimal; the younger the student, the more likely the need for parental involvement. Parents should provide a place to study, free from distractions and provide appropriate materials, such as pencils, pens, erasers, rulers, etc. Parents should monitor the time spent on homework and confer with the teacher if the amount of time appears to be consistently excessive or too little. Parents should confer with the teacher if assignments seem consistently unclear or too difficult. Parents should notify the teacher if an unforeseen occurrence prevents the student from completing an assignment. **Missing classroom instruction cannot be replaced with homework assignments. Homework is designed to reinforce instruction.** When a student is absent, that student is responsible for making up all work. If a student is out of school for three consecutive days, the parent/guardian may call 978-957-3330 and request homework and make-up work, which may be picked up in the main office after the close of school on the third day.

**Families should make every attempt to schedule vacation time during those blocks provided within the school calendar. Teachers are not required to provide advance assignments to students going on family vacations, and the school and the individual teacher(s) are not required to assume the responsibility for providing individual tutoring or extensive individual help for students when they return.**

Parents are regularly informed of their child’s progress in school by regularly logging into their Aspen account to view student’s progress. Additionally, report cards are published in Aspen four times a year. Student attendance is closely connected with academic performance. When absent, students miss valuable components of their course work, including class discussions of academic work.
Helpful Homework Hints:

- Record all of your assignments at school and be certain you know what materials are needed, the explanations for the assignment and due date.
- Take home all books and materials you need to complete assignments.
- Set aside a designated study time each day when you have no phone interruptions and no TV.
- Create a quiet study area with a desk/table, good lighting, paper, pen, pencil, calculator, and water to drink.
- Break larger assignments into smaller more manageable chunks.
- Keep binder or notebook, backpack and materials in the same place.
- Attend review sessions offered by teachers.
- Prioritize your work – do what is most important first.
- Review all assignments in your agenda and check off what has been completed.
- When you finish an assignment, place all completed work in your binder to hand in at school.
- Remember to plan to study for more than one night when you have a quiz or test. Review all past homework, classroom notes, quizzes and study guides.

Hints for Student Success

- Be prepared: Always do your homework. Remember that homework is not only written work due the next day, it can also be long-term assignments, reading, studying, research, or a project. Teachers will strive to help students be successful with homework.
- Keep Organized: Write all assignments in your student agenda book. Keep your locker and book bag tidy, so you can find books and materials when you need them. Put your schedule on the inside of your locker door or inside the front cover of your agenda book, so you will never forget it.
- Take responsibility: Middle School is a place where we help you to learn to take responsibility for yourself. We will be there to help, but we will also give you the freedom to show us, your parents, and most of all yourself, how independent you can be and how well you can assume responsibility for yourself and your learning by making a commitment to your work.
- Always do your best: The students who are most successful are always the students who ask thoughtful questions, work hard, and strive to do better. Pledge to yourself to be a student that goes for extra help or study sessions and gives that extra effort in all that you do. Challenge yourself, strive to work at a level that is challenging to you. Respect people, respect property, respect yourself.

SCHOOL ADJUSTMENT COUNSELING SERVICES

The Richardson Middle School has two full time school adjustment counselors. The School Adjustment Counselor (SAC) provides social, emotional, and personal support to students so that they may be successful in the school setting. Students may meet individually or in
small groups with the SAC. Services may include meetings with parents, teachers, administrators or community health providers to address concerns that may potentially affect a student’s success in school. Teachers, parents and students may refer a child to the SAC. The SAC will consult with the student to explore causes of problems/concerns and effective solutions. The goal is always to minimize loss of classroom time and return the student to the classroom as soon as possible. The SAC may communicate with and/or offer recommendations to home, school or community resources, such as family service agencies and counselors, courts, protective services and medical professionals if applicable. Meeting with the SAC does not take the place of individualized counseling that a student may be receiving outside of school.

All rules and regulations regarding student records are in accordance with Massachusetts State Law and/or regulations by the Massachusetts Department of Elementary and Secondary Education.

**BEHAVIOR EXPECTATIONS & STUDENT DISCIPLINE**

The Richardson Middle School is a community of students and teachers dedicated to learning. The intent of disciplinary consequences is to encourage students to reflect on their actions and decisions with the goal of helping them make better choices in the future. The school believes in progressive discipline, and will treat repeated offenses with increasing severity. These expectations apply to all school-sponsored activities, regardless of time or location. Responsibility rests with the student regarding compliance and conformance with the school rules. This includes classrooms, hallways, cafeteria, field trips, co-curricular activities, and other school-sponsored activities.

We believe that behavioral expectations ensure a school that is a positive learning environment where teachers can teach, students can learn, and members of the community are accountable for their actions. Behaviors which are disruptive and harmful are not acceptable and will not be tolerated because of the negative effects they have on education and our community. A disruptive student cannot be allowed to prevent others from receiving a quality education. Students at the Richardson Middle School are expected to observe the basic rules of common courtesy and understand our Community of Caring values. Every month, one of our Core Values will be highlighted and explicitly discussed and modeled for children.

The most important elements in our behavior expectations and discipline process at the Richardson Middle School are the relationships between teachers, students and parent(s)/guardian(s). Therefore, most decisions relative to behavior management will come from the classroom teachers. Every teacher is expected to post classroom rules and expectations and ensure a safe learning environment for students.

We realize that students will make mistakes and must learn from those mistakes in order to improve behavior. We will assign logical consequences to students in the hopes that students will understand the ramifications of their actions and work towards improvement.

At the back of the handbook is a tiered list of the most common (but not all) offenses that occur. The infractions and the consequences contained within this handbook are not exhaustive nor are they meant to be; rather these are guidelines for addressing inappropriate conduct and suggested disciplinary consequences. A range of discipline is possible within these guidelines, and school administrators have the discretion to impose more severe consequences than contained within these
guidelines depending on the individual circumstances presented. Please be aware that some behavior warrants referral to our School Resource Officer as the breach of conduct may also be a criminal offense.

**DETENTION**

After-school detention will begin at 1:45 PM and end at 2:30 PM. Monday through Thursday. Any student who arrives late will be required to make up the time missed. School personnel will notify the parent or guardian if a student is assigned a detention. In some cases, a 2 hour detention will be given and the student is expected to remain until 3:45 PM.

If a student fails to report to an office detention, that student will receive additional consequences which may include attendance at a Saturday School Session or suspension.

At the end of the handbook, there is a chart that outlines behaviors and consequences for first, second or third offenses. Students, parents and staff should be familiar with the list but be prepared to recognize that each child is dealt with as an individual and additional responses or recommendations may not be included in the list below.

For the list below, ISS = In School Suspension and OSS = Out of School Suspension and SRO = School Resource Officer. Please see the Appendix for specific procedures and laws related to student suspension. All suspensions require parent communication.

**Plagiarism, Cheating, and Forgery**

Plagiarism is appropriating as one’s own the writings, ideas, etc. of another. Plagiarism at the Richardson Middle School will result in academic credit being withheld. Whenever a student is guilty of cheating or plagiarism, the teacher shall confiscate the student’s paper, mark a zero for the work, and notify the parent, the Administration, and the National Junior Honor Society Advisor, if appropriate, as to the action taken. Examples of cheating or plagiarism may include, but are not limited to, the following: providing materials (tests, quizzes, projects or papers) to another student from a current or previously taken class; copying another student’s work or working with other students to complete an assignment when not instructed to do so by the teacher, purposeful communication of information or use of unauthorized resources during a testing environment; and purposeful distribution of work/answers via printed, electronic, or verbal format to other students when such work will be considered for grading purposes. Such activities may also be subject to additional disciplinary action by Administration. **Furthermore, students found responsible for this action will NOT receive honor/high honor distinction for that specific quarter.**

The burden of proof that the student has written an original work lies with the student. The student may be requested to provide their teacher/administrator with a rough draft, a “works cited” page, a bibliography, parenthetical citations, copies of their sources, and will have to demonstrate through discussion their knowledge of content.
Bullying Prevention and Intervention

It is the goal of Richardson Middle School to provide a positive and productive educational experience for every student—and to discourage any behavior that interferes with that goal. In accordance with that goal, the Richardson Middle School complies the Dracut School Committee Policy regarding Bullying Prevention and Intervention summarized below. A complete copy of the Bullying Prevention and Intervention Plan is available on the Dracut Public Schools’ website as is a Bullying Reporting Form which may be submitted online at: http://dracutps.org/sites/dracutsd/files/file/reportform.pdf.

Definition-Bullying Prohibited - “Bullying” means the repeated use by one or more students or by a member of school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional of an unwelcome written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a target that: (i) causes physical or emotional harm to the target or damage the target’s property; student or employee, (ii) places the target in reasonable fear of harm to himself or of damage to his property; (iii) creates a hostile environment at school for the target; (iv) infringes on the rights of the target at school; or (v) materially and substantially disrupts the education process or the orderly operation of a school. For the purposes of this section, bullying shall include cyber-bullying.

The behavior must interfere with a student’s academic performance or ability to learn, or interfere with a student’s ability to participate in or benefit from services, activities, or privileges: (a) that are being offered through the school district; or during any education program or activity; or while in school, on school equipment or property, in school vehicles, on school buses, at designated school bus stops, at school-sponsored activities, at school-sanctioned events; or

Cyber-bullying shall also include (i) knowing impersonation of another person as the author of posted content or messages, if the creator or impersonation creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying. Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or persons.
Cyber-bullying may occur through the use of data, telephone or computer software that is accessed through a computer, computer system, or computer network or any public education institute. As used in this Section, “electronic communication” also means any communication through an electronic device including, but not limited to a telephone, cellular phone, computer or pager.

“Aggressor” is a student or member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional who engages in bullying, cyber-bullying, or retaliation.

“Target” is a student against whom bullying, cyber-bullying, or retaliation has been perpetrated.

Bullying is prohibited:

- On school grounds;
- On property immediately adjacent to school grounds;
- At school-sponsored or school-related activities;
- At functions or programs whether on or off school grounds;
- At school bus stops;
- On school buses or other vehicles owned, leased or used by the school district; or,

Bullying and cyber-bullying are prohibited at a location, activity, function or program that is not school-related or through the use of technology or an electronic device that is not owned, leased or used by the Dracut school district if the act or acts in question:

- create a hostile environment at school for the target;
- infringe on the rights of the target at school; and/or
- materially and substantially disrupts the education process or the orderly operation of a school.

The following procedures are based on the requirements of M.G.L. c. 71, § 37O. In addition to the requirements of M.G.L. c. 71, § 370, where the alleged conduct is on the basis of race, color, national origin, age, gender, gender identity or expression, sexual orientation, disability or religion, the district should also consider whether the conduct constitutes a hostile environment based on those protected classes, consistent with its Discrimination and Harassment Grievance Procedures.
A. Reporting bullying or retaliation: Reports of bullying or retaliation may be made by staff, students, parents/guardians, or others, and may be written or oral. Oral reports made by or to a staff member shall be recorded in writing. A school or district staff member is required to report immediately to the principal or designee any instance of bullying or retaliation the staff member becomes aware of or witnesses. Reports made by students, parents/guardians, or other individuals who are not school or district staff members, may be made anonymously. Each school in the district has a variety of reporting resources available including, but not limited to an Incident Reporting Form, a bullying box, and the building administrator’s email address.

Use of an Incident Reporting Form is not required as a condition of making a report. Each school will: 1) include a copy of the Incident Reporting Form in the beginning of the year packets for students and parents/guardians; 2) make the Incident Reporting Forms available in each school’s main office, the counseling office, the school nurse’s office, and other locations determined by the principal or designee; and 3) post it on the district’s website. The Incident Reporting Form will be made available in the most prevalent language(s) of origin of students and parents/guardians.

1. Reporting by Staff: A staff member will report immediately to the principal or designee when he/she witnesses or becomes aware of conduct that may be bullying or retaliation. The requirement to report to the principal or designee does not limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school or district policies and procedures for behavior management and discipline.

2. Reporting by Students, Parents/Guardians, or Others: The Dracut Public Schools expects students, parents/guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the principal or designee. Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. Students, parents/guardians, and others may request assistance from a staff member to complete a written report. Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of bullying with a staff member or with the principal or designee.

B. Responding to a report of bullying or retaliation
1. Safety: Before fully investigating the allegations of bullying or retaliation, the principal or designee will take steps to assess the need to restore a sense of safety to the alleged target and/or to protect the alleged target from possible further incidents. Responses to promote safety may include, but not be limited to, creating a personal safety plan; pre-determining seating arrangements for the target and/or aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a “safe person” for the target; and altering the aggressor’s schedule and access to the target. The principal or designee will take additional steps to promote safety during the course of and after the investigation, as necessary.
The principal or designee will implement appropriate strategies for protecting from bullying or retaliation a student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation. The student will meet with an administrator or a counselor to determine the need for and type of safety plan.

2. Obligations to Notify Others:
   
a. Notice to Another School or District: If the reported incident involves students from more than one school district, charter school, non-public school, approved private special education day or residential school, or collaborative school, the principal or designee first informed of the incident will promptly notify by telephone the principal or designee of the other school(s) of the incident so that each school may take appropriate action. All communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.

b. Notice to Law Enforcement: At any point after receiving a report of bullying or retaliation, including after an investigation, if the principal or designee has a reasonable basis to believe that criminal charges may be pursued against the aggressor, the principal will notify the local law enforcement agency. Notice will be consistent with the requirements of 603 CMR 49.00 and locally established agreements with the local law enforcement agency. Also, if an incident occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in school, the principal or designee shall contact the local law enforcement agency if he or she has a reasonable basis to believe that criminal charges may be pursued against the aggressor.

   In making this determination, the principal will, consistent with the Plan and with applicable school or district policies and procedures, consult with other individuals the principal or designee deems appropriate.

C. Investigation: The principal or designee will investigate promptly all reports of bullying or retaliation and, in doing so, will consider all available information known, including the nature of the allegation(s) and the ages of the students involved.

During the investigation the principal or designee will, among other things, interviews students, staff, witnesses, parents/guardians, and others as necessary. The principal or designee will remind the alleged aggressor, target, and witnesses that retaliation is strictly prohibited and will result in disciplinary action.

Interviews may be conducted by the principal or designee, other staff members as determined by the principal or designee, and in consultation with the school counselor, as appropriate. To the extent practicable, and given his/her obligation to investigate and address the matter, the principal or designee will maintain confidentiality during the
investigative process. The principal or designee will maintain a written record of the investigation.

Procedures for investigating reports of bullying and retaliation will be consistent with district policies and procedures for investigations.

D. Determinations: The principal or designee will make a determination based upon a preponderance of the evidence. If, after investigation, bullying or retaliation is substantiated, the principal or designee will take steps reasonably calculated to prevent recurrence and to ensure that the target is not restricted in participating in school or in benefiting from school activities. The principal or designee will: 1) determine what remedial action is required, if any, and 2) determine what responsive actions and/or disciplinary action is necessary.

Depending upon the circumstances, the principal or designee may choose to consult with the students’ teacher(s) and/or school counselor, and the target’s or aggressor’s parents or guardians, to identify any underlying social or emotional issue(s) that may have contributed to the bullying behavior and to assess the level of need for additional social skills development.

E. Notice of the Outcome of the Investigation: The principal or designee will promptly notify the parents or guardians of the target and the aggressor about the results of the investigation and, if bullying or retaliation is found, what action is being taken to prevent further acts of bullying or retaliation. All notice to parents must comply with applicable state and federal privacy laws and regulations. Because of the legal requirements regarding the confidentiality of student records, the principal or designee cannot report specific information to the target’s parent or guardian about the disciplinary action taken unless it involves a “stay away” order or other directive that the target must be aware of in order to report violations.

F. Responses to Bullying
   1. Teaching Appropriate Behavior Through Skills-Building: Upon the principal or designee determining that bullying or retaliation has occurred, the law requires that the school or district use a range of responses that balance the need for accountability with the need to teach appropriate behavior. M.G.L. chapter 71, section 370(d)(v). Skill-building approaches that the principal or designee may consider include:
      - Offering individualized skill-building sessions based on the school’s/district’s anti-bullying curricula;
      - Provide relevant educational activities for individual students or groups of students, in consultation with guidance counselors and other appropriate school personnel;
      - Implementing a range of academic and nonacademic positive behavioral supports to help students understand pro-social ways to achieve their goals;
      - Meeting with parents and guardians to engage parental support and to reinforce the anti-bullying curricula and social skills building activities at home;
• Adopting behavioral plans to include a focus on developing specific social skills

2. Taking Disciplinary Action: If the principal or designee decides that disciplinary action is appropriate, the disciplinary action will be determined on the basis of facts found by the principal or designee, including the nature of the conduct, the age of the student(s) involved, and the need to balance accountability with the teaching of appropriate behavior. Discipline will be consistent with the Plan and with the school’s or district’s code of conduct.

Discipline procedures for students with disabilities are governed by the federal Individuals with Disabilities Education Improvement Act (IDEA), which should be read in cooperation with state laws regarding student discipline.

If the principal or designee determines that a student knowingly made a false allegation of bullying or retaliation, that student may be subject to disciplinary action.

3. Promoting Safety for the Target and Others: The principal or designee will consider what adjustments, if any, are needed in the school environment to enhance the target’s sense of safety and that of others as well.

Within a reasonable period of time following the determination and ordering of remedial and/or disciplinary action, the principal or designee will contact the target to determine whether there has been a recurrence of the prohibited conduct and whether additional supportive measures are needed. If so, the principal or designee will work with appropriate school staff to implement them immediately.

All other complaints will be reviewed based on a “preponderance of evidence standard.” (Dracut School Committee Policy)
Notice of Non-Discrimination

The Dracut Public Schools (“District”) is committed to maintaining a school environment free of harassment based on race, color, religion, national origin, gender, sexual orientation, gender identity, age, pregnancy status, or disability. Harassment by administrators, teachers, certified and support personnel, students, vendors and other individuals at school or at school-sponsored events is unlawful and is strictly prohibited. The Dracut Public Schools requires all employees and students to conduct themselves in an appropriate manner with respect to their fellow employees, students and all members of the school community.

Definitions

For the purposes of this procedure:

A. A “Complaint” is defined as an allegation that a student or employee has been discriminated against or harassed on the basis of race, color, national origin, age, sex, sexual orientation, gender identity, disability, pregnancy status, or religion.

B. “Discrimination” means discrimination or harassment on the basis of race, age, color, national origin, sex, sexual orientation, gender identity, disability, pregnancy status, or religion that is excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity of the school.

C. “Harassment” means unwelcome conduct on the basis of race, age, color, national origin, sex, sexual orientation, gender identity, disability, pregnancy status, or religion that is sufficiently severe, persistent or pervasive to create a hostile environment for the individual at school. Harassment may include insults, name-calling, off color jokes, threats, comments, innuendoes, notes, display of pictures or symbols, gestures, or other conduct which rises to the level of a hostile environment.

D. “Sexual Harassment” means unwelcome, sexually offensive or gender-based conduct which is sufficiently severe, persistent or pervasive to create a hostile environment for the individual at school. Additionally, under M.G.L. c. 151C, § 1, the term “sexual harassment” may also include, but is not limited to, sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when:— (i) submission to or rejection of such advances, requests or conduct is made either explicitly or implicitly a term or condition of the provision of the benefits, privileges or placement services or as a basis for the evaluation of academic achievement; or (ii) such advances, requests or conduct have the purpose or effect of unreasonably interfering with an individual’s education by creating an intimidating, hostile, humiliating or sexually offensive educational environment.
When determining whether an environment is hostile, the school district examines the context, nature, frequency, and location of the sexual or gender-based incidents, as well as the identity, number and relationships of the persons involved. The school district must consider whether the alleged harassment was sufficient to have created such an environment for a reasonable person of the same age, gender, and experience as the alleged victim, and under similar circumstances.

**Harassment and Retaliation Prohibited**

Harassment in any form or for any reason is absolutely forbidden. This includes harassment by administrators, certified and support personnel, students, vendors and other individuals in school or at school related events. Retaliation against any individual who has brought harassment or other inappropriate behavior to the attention of school officials or who has cooperated in an investigation of a complaint under this policy is unlawful and will not be tolerated by the Dracut Public Schools.

Persons who engage in harassment or retaliation may be subject to disciplinary action, including, but not limited to reprimand, suspension, termination/expulsion or other sanctions as determined by the school administration and/or School Committee, subject to applicable procedural requirements.

**How to make a complaint**

A. Any student or employee who believes that he/she has been discriminated against or harassed should report their concern promptly to the school principal. If the school principal receives the report, he or she will notify the Civil Rights Coordinator of the Complaint. Students or employees who are unsure whether discrimination or harassment has occurred are encouraged to discuss the situation with the school principal.

B. District staff is expected to report possible incidents of discrimination or harassment of students and fellow employees immediately to the school principal. Parents and other adults are also encouraged to report any concerns about possible discrimination or harassment of students or employees which have allegedly occurred on school grounds, at school related events, or actions which occurred outside of school but possibly create a hostile environment for a student or employee while he/she is at school.

C. Students and employees will not be retaliated against for making a Complaint. Any retaliation by students or school staff will result in disciplinary measures, up to and including expulsion or dismissal.
Complaint Handling and Investigation

A. The school principal shall promptly inform the relevant Civil Rights Coordinator and the person(s) who is the subject of the Complaint that a Complaint has been received.

B. After notifying the appropriate Civil Rights Coordinator, the school principal or designee may pursue an informal resolution of the Complaint with the agreement of the parties involved. Informal resolution is optional, and the Complainant may elect to proceed according to the formal resolution procedure at any time prior to the completion of the informal resolution.

C. Under the formal resolution procedure, the Complaint will be investigated by the school principal or other individual designated by the school principal or Civil Rights Coordinator, where appropriate. Any Complaint about an employee who holds a supervisory position shall be investigated by a person who is not subject to that supervisor’s authority. Any Complaint about the Superintendent should be submitted to the School Committee Chair, who will consult with legal counsel concerning handling the investigation of the Complaint.

1. The formal investigation shall be conducted consistent with the following guidelines:
   a. The Complainant shall have the opportunity to present witnesses and other relevant evidence to the investigator.
   b. The person who is the subject of the Complaint will be provided with an opportunity to be heard as part of the investigation including the opportunity to provide relevant information and identify witnesses for the investigator’s consideration.
   c. The privacy rights of all parties to the Complaint shall be maintained in accordance with applicable state and federal laws.
   d. The investigator will keep a written record of the investigation process.
   e. The investigator may take interim remedial measures to reduce the risk of further discrimination or harassment while the investigation is pending.

2. The investigator shall determine whether or not the evidence was sufficient, based on a preponderance of the evidence, to establish that the alleged victim has been subjected to harassment as defined above.
3. The investigator shall provide written notice of the outcome of the investigation to both the Complainant and in the individual who is the subject of the complaint whether or not the complaint allegation is substantiated.

a. The investigation and the notification of the outcome to the complainant and the subject of the complaint shall be completed within fifteen (15) school days of the date of the receipt of the Complaint.

b. The investigator may extend the investigation period beyond fifteen (15) school days because of extenuating circumstances, including but not limited to availability and cooperation of witnesses, complexity of the investigation, school vacation periods, and the involvement of law enforcement and other outside agency investigations. If the investigator extends the investigation, he or she will notify the Complainant of the extension.

c. If a complaint or report of discrimination or harassment is received after June 1of a given school year, the investigator will attempt to complete the investigation by the end of the school year. In the event that the investigation extends beyond the last day of school, the District will make reasonable efforts to complete the investigation within the above- referenced time frame, but may extend the investigation period to account for the availability of witnesses during the summer vacation period. If the investigator extends the investigation, he or she will notify the Complainant of the extension and make reasonable efforts to interview the witnesses during the summer vacation period.

d. Nothing in this procedure will preclude the investigator, in his or her discretion, from completing the investigation sooner than the fifteen (15) school days described above.

D. If the investigator determines that discrimination or harassment has occurred, he/she shall take steps to eliminate the discriminatory or harassing environment, which may include but is not limited to:

1. Considering whether a disciplinary referral is appropriate as to the person(s) who engaged in discrimination or harassment, if any;

2. Determining what steps are necessary to prevent recurrence of any discriminatory behavior, including but not limited to harassment, and to correct its discriminatory effects if appropriate; and

E. If the Complainant or the student’s parents/legal guardians are dissatisfied with the results of the investigation, an appeal may be made to the Civil Rights Coordinator
within ten (10) school days after receiving notice of the outcome of the investigation. In the appeal, the appellant should identify any specific alleged factual or legal errors and explain why the errors should result in a different conclusion. The Civil Rights Coordinator shall review the investigation and may conduct further investigation if deemed appropriate. Within five (5) school days of receipt of any such appeal, the Civil Rights Coordinator shall decide whether or not to reopen the investigation, uphold the principal or designee’s determination, or reverse the principal or designees determination. The Civil Rights Coordinator shall provide written notification of that determination to both the Complainant and the accused. The Civil Rights Coordinator’s decision shall be final, subject to further appeal to the Superintendent.

F. If the employee or the student’s parents or legal guardians are dissatisfied with the decision of the Civil Rights Coordinator, an appeal may be submitted to the Superintendent within seven (7) calendar days after receiving notice of the Civil Rights Coordinator’s decision. The Superintendent will consider the appeal and respond to the appeal within ten (10) school days of receipt of the appeal. The Superintendent’s decision shall be final.

Hazing

Chapter 269 of the General Laws provides as follows:

**Hazing Section 17**  Whoever is a principle organizer or participant in the crime of hazing as defined herein shall be punished by a fine of one thousand dollars or imprisonment in a house of correction for not more than one hundred days, or by both such fine and imprisonment.

The term hazing as used in this section shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to weather, forced consumption of any food, liquor, beverage, drug, or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect physical health and safety of any such student or other person, to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

**Section 18**  Whoever knows that another person is the victim of hazing, as defined in section seventeen, and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than five hundred dollars ($1,000).

**Section 19**  Each secondary school and each public and private school or college shall issue to every group or organization under its authority or operating on or in conjunction with its campus or school, and to every member, pledge, or applicant for membership in such group or organization, a copy of this section and sections seventeen and eighteen and shall sign an acknowledgement stating that such group, organization, or individual has received a copy of said sections seventeen and eighteen.

Each secondary school and each public and private school or college shall file, at least annually, a report with the regents of higher education and in the case of secondary schools, the board of education certifying that such institution has complied with the provisions of this section and also certifying that a said school has adopted a disciplinary policy with regards to the organizers and participants of hazing. The Board of Regents and in the case of secondary schools, the Board of Education, shall promulgate regulations governing the content and frequency of such reports, and shall forthwith report to the Attorney General any such institution which fails to make such report.

**Tobacco or Tobacco Products**
Smoking is not permitted on any of the school grounds or on school buses. The use of tobacco or tobacco products, including the use of smokeless tobacco and nicotine (including but not limited to e-cigarettes, vaporizers, or other nicotine-delivery devices), is not allowed by any individual, whether a minor or an adult, at any time whatsoever, on the property which comes under the jurisdictional purview of the Dracut Public Schools. This law (MGH 74, Section 37H) covers all visitors to any public school property or event at all times. Students are not allowed to carry matches, lighters, e-cigarettes or any form of tobacco.
**Alcohol Use by Students**

In view of the fact that the use of alcohol can endanger the health and safety of the user, and recognizing the deleterious effect the use of alcoholic beverages can have on the maintenance of general order and discipline, the Dracut School Committee prohibits the use of, serving of, or consumption of any alcoholic beverage on school property or at any school function.

Additionally, any student, regardless of age, who has been drinking alcoholic beverages prior to attendance at, or participation in, a school-sponsored activity, will be barred from that activity and subject to disciplinary action.

**Breath Alcohol Testing Procedures and Protocol**

Alcohol use by a student is illegal and poses a serious threat not only to the student’s own well-being, but also to the well-being of the entire school community. Alcohol use will not be tolerated during school hours, on school property, or at any school-sponsored activity or event during or after school hours. Students who violate the school policy on use, possession, sales or distribution may be subject to disciplinary action including a possible suspension for up to 90 school days per MGL c. 71 s. 37H ¾.

When determining whether possible alcohol use or intoxication by a student has occurred at school or a school-related function, the safety of the student is the primary concern. If an administrator reasonably suspects that a student is under the influence of alcohol, the administrator may use a breath alcohol testing device which indicates the presence or absence of alcohol. The Dracut Public Schools also reserves the right to randomly screen students or screen all students at school related events with proper notice to the students and their families.

This is a non-invasive test in which students will be asked to exhale or speak into a device. The purpose of having breath alcohol testing available is a deterrent to alcohol use. The test will be administered by the administrator and witnessed by a staff member. The administration of Dracut Public Schools is not held to a criminal standard of proof and therefore; the results of the breathalyzer are final and are not subject to further review.

1. **If the test is positive, the student can request two (2) additional tests taken at least two (2) minutes apart. If these additional tests are positive:**
   a. Parents/guardians are notified and requested to take the student home
   b. If the student is assessed to be a risk and in need of medical assistance, emergency help and parents/guardians are notified.
   c. Disciplinary action will be taken as indicated in student handbooks.
   d. If the test is negative, the student will be allowed to resume the activity if the administrator does not suspect the use of other drugs.

2. **If a student is suspected of being under the influence of alcohol or is suspected of having consumed alcohol and refuses to be tested:**
   a. The administrator will notify parents/guardians to pick up the student and detain the student until parent’s arrival.
   b. The administrators will consider the refusal as comparable to being under the influence and will discipline the student in accordance with the student handbook.
3. If a student is suspected of being under the influence of alcohol or is suspected of having consumed alcohol and leaves the scene against the school official’s request:
   a. Police will be notified
   b. Parents/guardians notified
   c. Disciplinary action for intoxication will be taken as indicated in the student handbook

Principal: The primary administrator of the school or the Principal’s designee for disciplinary purposes.
Due Process

In-School Suspension: Prior to the imposition of an In-School Suspension, the student will be informed of the disciplinary offense and provided with an opportunity to respond. If the principal determines that the student committed the disciplinary offense, the principal will provide oral notice to the student and parent of the length of the In-School Suspension and will make reasonable efforts to meet with the parent. On or before the day of the In-School Suspension, the principal will deliver written notice to the parent of the basis for and length of the in-school suspension and inviting the parent to meet to discuss the student’s behavior if such a meeting has not already occurred.

Out-of School Suspension: In the case of disciplinary offenses not involving: a) possession of a dangerous weapon; b) possession of a controlled substance; c) assault on a member of the educational staff; or d) a felony charge or felony delinquency complaint or conviction, the student and parents will be given oral and written notice of the disciplinary offense with which the student is charged and the opportunity to participate in a hearing prior to the imposition of an out-of-school suspension. Upon imposition of a short term or interim suspension or an interim suspension of ten (10) consecutive days or less pending further disciplinary proceedings, the student and parents will be provided with written notice of the suspension and the date and time of any formal disciplinary proceedings.

Principal’s Hearing:

Short-Term Suspension:

At the Principal’s hearing, the student and parents (if participating) may dispute the charge(s) against the student and present information, including mitigating facts, for the principal’s
consideration in determining consequences for the student.

- the right to cross-examine witnesses presented by the school district; and
- the right to request that the hearing be recorded by the Principal, and to receive a copy of the audio recording upon request.

Principal’s Decision:

Based on the evidence presented at the hearing, the Principal will determine whether the student committed the disciplinary offense and the remedy or consequences to be imposed. The Principal shall exercise discretion in deciding the consequence for the offense and, in cases not involving possession of a controlled substance, a weapon, an assault on staff or felony charges, shall avoid using long-term suspension from school as a consequence until alternatives have been tried. If the Principal decides to suspend or expel the student, written notice of the Principal’s decision will be sent to the student and parents in English and the primary language of the home identifying the disciplinary offense, the factual basis for the Principal’s decision, the beginning and end dates of the suspension or expulsion, and the process for appeal. The Principal will also notify the student and parent of the student's opportunity to make academic progress during the period of removal from school in accordance with M.G.L. c. 76, §21.

the classroom or school. Any student who is expelled or suspended from school for more than ten (10) consecutive days, whether in school or out of school, shall have an opportunity to receive education services and to make academic progress toward meeting state and local requirements, in accordance with the school’s education service plan. M.G.L. c.76, §21.

**Discipline of Students with Disabilities**

The following procedures apply to suspension of students with disabilities when suspensions exceed 10 consecutive schools days or when a pattern has developed for suspensions exceeding 10 cumulative days. These procedures include the responsibilities of the team and the responsibilities of the district.

a. A suspension of longer than 10 consecutive school days or a series of short term suspensions that exceed 10 school days and constitute a pattern of removal and are considered to constitute a disciplinary change in placement.

b. Prior to a suspension that would result in a disciplinary change in placement of a student with a disability, the building administrators, the parents and relevant members of the student’s IEP/504 Team will convene to determine whether the violation for which the student is subject to a disciplinary change in placement was caused by or directly and substantially related to the student’s disability or was the direct result of a failure to implement the student’s IEP or Section 504 Plan.

c. If the Team determines that the behavior is NOT a manifestation of the disability, the student may be disciplined in accordance with the policies and procedures applicable to all students except that students eligible for special education services shall be entitled to a free appropriate public education as of the eleventh (11th) day of disciplinary exclusion in the school year.

d. If the team determines that the behavior IS a manifestation of the disability, then the district will conduct a functional behavior assessment or review any existing behavior intervention plan and takes steps (with the consent of the parent) to correct the IEP, the placement, or the behavior intervention plan and the student will not be suspended for the violation found to be a manifestation of his/her disability.

e. Regardless of the manifestation determination, the district may place the student in an interim alternative setting (as determined by the Team) up to 45 school days if:

1) The student is in possession of a dangerous weapon on school grounds or at school-sponsored events;
2) The student is in possession of or using of illegal drugs on school grounds or at school-sponsored events;
3) The student engaged in solicitation of a controlled substance on school grounds or at school-sponsored events; or
4) The student inflicted serious bodily injury to another at school or at school-sponsored events.

The interim alternative setting must enable the student to participate in the general curriculum, progress toward the goals in the IEP, and receive the special education and related services contained in the student’s IEP. The interim alternative setting must also provide services and modifications designed to address the behavior giving rise to the removal and to prevent the behavior from reoccurring. At the conclusion of the forty-five (45) school day period, the student shall be returned to his/her previous placement unless the parent (or student if 18+) consents to an extension of the interim alternative setting or an Order is obtained from the Bureau of Special Education Appeal authorizing the student’s continued removal.

If the conduct does not involve a dangerous weapon, controlled substance, or serious bodily injury. In such a case, the school may remove the student to an interim alternative setting for 45 days only: 1) with parental consent or 2) by obtaining authorization from a court or BSEA Hearing Officer. In order to obtain an order from the a court or BSEA Hearing Officer, the school must prove that maintaining the student’s placement is substantially likely to result in injury to the student or others.

f. The parent shall have the right to appeal the manifestation Team’s determination, the imposition of a disciplinary change in placement, and the student’s placement in an interim alternative educational setting. The student will remain in the disciplinary placement imposed by school authorities pending a decision on the appeal or until the expiration of the disciplinary sanction, whichever comes first.

Search Policy

Students have a legitimate right to privacy. However, this right must be balanced against the State’s right to maintain a school environment that is conducive to learning. School officials are not required to obtain a warrant before searching a student under their authority. Provided there is reasonable suspicion that the student has violated or is violating the rules of the school (Supreme Court New Jersey vs. TLO no. 83-712). The administration of Lakeview Junior High School reserves the right to search students, students’ lockers and possessions, and/or students’ property on school property for articles of illegal contraband and/or any information pertaining to an investigation. (Cell phones/text messaging: anyone who brings an electronic device to school is subject to a search if suspicion arises that the device contains evidence of a violation of school rule or the law.). Any illegal articles found will be confiscated and law enforcement officials notified. In addition, parents will be contacted and students may be suspended in accordance with the school discipline code.
There shall be reasonable suspicion for school authorities to believe that a search will disclose possession of items constituting a rule violation. When such reasonable suspicion exists, a search may be conducted under the authority of the Principal or his designee.

- Any item(s), which may interfere with the educational process, or may pose a potential threat to safety of students and staff, will be removed from the student’s possession. If appropriate, the item(s) will be turned over to the Police.
- School officials will assist or permit a police search of students, of student possessions, or of equipment assigned to students (lockers, desks, book bags) once the police have obtained a valid search warrant authorizing the search or exigent circumstances are present which would justify such a search.
- As an additional means of ensuring that the school building remains free of drugs and drug paraphernalia, random canine searches may be instituted.
MASSACHUSETTS GENERAL LAWS

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

Prohibition against Firearms in Schools MGL-Chapter 269, Section 10. Whoever, not being a law enforcement officer, and notwithstanding any license obtained by him under the provisions of Chapter 140, carries on his person a firearm as hereinafter defined, loaded or unloaded, or other dangerous weapon in any building or on the grounds of any elementary or secondary school, college or university without written authorization of the board or officer in charge of such elementary or secondary school, college or university shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both. For the purpose of this paragraph, firearm shall mean any pistol, revolver, rifle or smoothbore arm from which a shot, bullet or pellet can be discharged by whatever means. Any officer in charge of an elementary or secondary school, college or university or any faculty member or administrative officer of an elementary or secondary school, college or university failing to report violations of this paragraph shall be guilty of a misdemeanor and punished by a fine of not more than five hundred dollars.

M.G.L. c. 71, § 37H
Notwithstanding any general or special law to the contrary, all student handbooks shall contain the following provisions:
(a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.
(b) Any student who assaults a principal, assistant principal, teacher, teacher’s aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.
(c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal.
After said hearing, a principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).
(d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.
(e) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension
or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student in an education service plan, under section 21 of chapter 76.

(f) Districts shall report to the department of elementary and secondary education the specific reasons for all suspensions and expulsions, regardless of duration or type, in a manner and form established by the commissioner. The department of elementary and secondary education shall use its existing data collection tools to obtain this information from districts and shall modify those tools, as necessary, to obtain the information. On an annual basis, the department of elementary and secondary education shall make district level de-identified data and analysis, including the total number of days each student is excluded during the school year, available to the public online in a machine readable format. This report shall include district level data disaggregated by student status and categories established by the commissioner.

(g) Under the regulations promulgated by the department, for each school that suspends or expels a significant number of students for more than 10 cumulative days in a school year, the commissioner shall investigate and, as appropriate, shall recommend models that incorporate intermediary steps prior to the use of suspension or expulsion. The results of the analysis shall be publicly reported at the school district level.

guardian of the student, notice of the charges and the reason for the suspension or expulsion in English and in the primary language spoken in the home of the student. The student shall receive the written notification and shall have the opportunity to meet with the principal or headmaster, or a designee, to discuss the charges and reasons for the suspension or expulsion prior to the suspension or expulsion taking effect. The principal or headmaster, or a designee, shall ensure that the parent or guardian of the student is included in the meeting, provided that such meeting may take place without the parent or guardian only if the principal or headmaster, or a designee, can document reasonable efforts to include the parent or guardian in that meeting. That notification shall describe the student’s alleged misconduct and the reasons for suspending the student out-of-school. Special Education Handbook

The Special Education Handbook is available on the website at www.dracutps.org and at the school office.

Service and Accommodations for Students with Disabilities

Under the Individuals with Disabilities Education Act (“IDEA”) and M.G.L. c. 71B, some students with disabilities may be eligible for services if they require specialized instruction and/or supportive services to help them make effective progress in school. These services can include, but are not limited to, speech therapy, physical therapy, occupational therapy, specialized instruction, or placement in a special classroom. Students may be referred to the Special Education Department for an evaluation of eligibility for special education services. Within five (5) school days of such a referral, a consent form authorizing an evaluation of the student will be forwarded to the parent(s). Within forty-five (45) school days of receipt of the parent(s)’ consent, an evaluation will be conducted and a Team meeting will be held to determine if the student is eligible for special education services. If the student is found eligible for special education services, the Team will develop an Individualized Education Program (IEP) identifying the necessary services.

Section 504 of the Rehabilitation Act of 1973 (“Section 504”) is a federal law designed to protect the rights of individuals with disabilities in programs and activities that receive federal financial assistance from the U.S. Department of Education. Section 504 provides: “No otherwise qualified individual with a disability in the United States . . . shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance . . . .” Title II of the Americans with Disabilities Act of 1990 (Title II) is a federal law that applies to public entities, including the conforming amendment to Section 504 that affects the meaning of a disability under Section 504.

The Section 504 regulations require a school district to provide a “free appropriate public education” (FAPE) to each qualified student with a disability who is in the school district’s jurisdiction, regardless of the nature or severity of the disability. Under Section 504, a FAPE consists of the provision of regular or special education and related aids and services designed to
meet the student’s individual educational needs as adequately as the needs of nondisabled students are met. Compliance with the IDEA is one means of complying with Section 504.

Additionally, the Dracut Public Schools provides nonacademic and extracurricular services and activities in such a manner as is necessary to afford students with disabilities an equal opportunity for participation. The Dracut Public Schools is, however, generally permitted to establish and utilize skill-based eligibility criteria for participation in extracurricular programs and activities (e.g., school-sponsored athletics) so long as the criteria are rationally related to the purposes and goals of the specific program or activity.

The Dracut Public Schools’ administrators, in their discretion, may deny or limit a student’s access to co-curricular activities as a disciplinary sanction.

**Nutrition, Health and Wellness Policy**

The Dracut Public Schools is committed to providing school environments that promote and protect children’s health, well-being, and ability to learn by supporting healthy eating and physical activity. Additionally, the Dracut Public Schools is committed to promoting the health and well-being of its employees. Therefore, it is the policy of the Dracut Public Schools that:

The school district will engage students, parents, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing district-wide nutrition and physical activity policies.

All students enrolled in Dracut Public Schools will have opportunities, support, and encouragement to be physically active on a regular basis.

Food and beverages sold or served at school, or provided on school property will meet or exceed the nutrition recommendations of the *U.S. Dietary Guidelines for Americans*; and will be prepared and provided according to the operational policies established by the Dracut Public Schools and the Dracut Board of Health.

The District shall ensure that its guidelines for reimbursable school meals shall meet or exceed the requirements and guidance issued by the Secretary of Agriculture pursuant to subsections (a) and (b) of section 10 of the Child Nutrition Act (42 U.S.C. 1779) and section 9(f)(1), 1766(a)(0).

Schools will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school meal programs.

**Massachusetts Student Records Laws and The Family and Educational Rights Privacy Act (FERPA)**

The Dracut Public Schools complies with applicable federal and state laws and regulations pertaining to Student Records. Those laws and regulations are designed to ensure a parent’s and eligible student’s rights to access, inspect, and to request amendment of the child’s student record.

The Massachusetts Student Record regulations and the Family Educational Rights and Privacy Act (FERPA) apply to all information kept by a school on a student in a manner such that he or she may be individually identified. The regulations divide the record into the transcript and the temporary record. The transcript includes only the minimum information necessary to reflect the
student's educational progress. This information includes name, address, course titles, grades, credits, and grade level completed.

The temporary record contains the majority of the information maintained by the school system about the student. This may include such things as standardized test results, class rank, school sponsored extra-curricular activities, and evaluations and comments by teachers, counselors, and other persons. The temporary record is destroyed no later than seven (7) years after the student leaves the school system.

The following is a summary of major parent and student rights regarding their student records:

**Inspection of Record** - A parent, or a student who has entered the ninth grade or is at least fourteen (14) years old, has the right to inspect all portions of the student record upon request. The record must be made available to the parent or student within ten (10) days of the request, unless the parent or student consents to a delay. In the event the parent/student requests copies of a student record, the District may charge the parents/student for said copies at the District rate.

**Confidentiality of Record** - With a few exceptions, no individuals or organizations but the parent, student, and authorized school personnel working are allowed to have access to information derived the student record without specific, informed, written consent of the parent or the student.

**Amendment of Record** - The parent and student have the right to add relevant comments, information, or other written materials to the student record. In addition, the parent and student have the right to request that information of the record be amended or deleted. The parent and student have a right to a conference with the school principal to make their objections known. Within a week after the conference, the principal must render a decision in writing. If the parent and student are not satisfied with the decision, the regulations contain provisions through which the decision may be appealed to higher authorities in the school system.

**Directory Information** - Federal law requires that the District release the names, addresses and telephone listings of students to military recruiters and institutions of higher education upon request for recruitment and scholarship purposes without prior consent. In addition, the District may release the following directory information about a student without prior consent: a student’s name, address, telephone listing, date and place of birth, major fields of study, dates of attendance, weight and height of members of athletic teams, class participation in officially recognized activities and sports, degrees, honors and awards, post-high school plans and directory information such as homeroom assignments. However, in all instances, parents may request that such directory information not be released without prior consent by notifying their school building office in writing by the end of September of each school year.

**Destruction of Records** - The regulations require that certain parts of the student record, such as the temporary record, be destroyed a certain period of time after the student leaves the school system. School authorities are also allowed to destroy misleading, outdated, or irrelevant information in the record from time to time while the student is enrolled in the school system.
Before any such information may be destroyed, the parent and student must be notified, and have an opportunity to receive a copy of any of the information before its destruction.

Transfer of Records: It is the practice of the Dracut Public Schools to forward the student record of any student who seeks or intends to transfer to another public school district upon request of the receiving district.

Non-Custodial Parents: Unless there is a court order to the contrary, a non-custodial parent (parent without physical custody of the student) of any public school student has the right, subject to certain procedures, to receive information regarding the student’s achievements, involvement, behavior, etc. A non-custodial parent who wishes to have this information shall submit a written request annually to the child’s school principal. Upon receipt of such a request, the principal shall send written notification to the custodial parent by certified and first class mail that the records and information will be provided to the non-custodial parent in twenty-one (21) calendar days unless the custodial parent provides documentation of the non-custodial parent’s ineligibility to access such information. In all cases where school records are provided to a non-custodial parent, the electronic and postal address and other contact information for the custodial parent shall be removed from the records provided. Any such records provided to the non-custodial parent shall be marked to indicate that they may not be used to enroll the student in another school. Upon receipt of a court order that prohibits the distribution of information pursuant to G.L. c. 71, §34H, the school will notify the non-custodial parent that it shall cease to provide access to the student record to the non-custodial parent. M.G.L. c.71, §34H, 603 CMR 23.07.

Third Party Access: Authorized school personnel, to include: (a) school administrators, teachers, counselors and other professionals who are employed by the school committee or who are providing services to the student under an agreement between the school committee and a service provider, and who are working directly with the student in an administrative, teaching, counseling, and/or diagnostic capacity; (b) administrative office staff and clerical personnel, employed by the school committee or under a school committee service contract, and whose duties require them to have access to student records for purposes of processing information for the student record; and (c) the Evaluation Team which evaluates a student, shall have access to the student record of students to whom they are providing services, when such access is required in the performance of their official duties. The consent of the parent or eligible student shall not be necessary.

Complaints: A parent or eligible student has a right to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-5901, (202) 260-3887 or with the Massachusetts Department of Education, 350 Main Street, Malden, MA 02148, 781-338-3300. If you have any questions regarding this notice, or would like more information and/or a copy of the Massachusetts Department of Education Student Record Regulations, please contact the building principal.

Physical restraint may be used only in the following circumstances: (a) non-physical interventions would not be effective; and (b) the student's behavior poses a threat of imminent, serious, physical harm to self and/or others. Physical restraint in a public education program shall be limited to the use of such reasonable force as is necessary to protect a student or another member of the school community from assault or imminent, serious, physical harm. Physical restraint is prohibited in the following circumstances: (a) as a means of punishment; or (b) as a response to property destruction, disruption of school order, a student's refusal to comply with a school rule or staff directive, or verbal threats that do not constitute a threat of imminent, serious, physical harm.

McKinney-Vento Homeless Education Assistance Act

The federal McKinney-Vento Homeless Education Assistance Act requires that schools immediately enroll homeless students in school, even if they do not have the documents usually required for enrollment, such as school records, medical records or proof of residency, as long as the student has been properly immunized. Information on lead screenings as well as immunization
records may be transferred over the phone. Parents or Guardians intending to register students who are homeless should be aware of the following guidelines:

1. Homeless students have a right to either remain in their school of origin or to attend school where they are temporarily residing;
2. Children who move from a homeless situation into a permanent residence during the course of a school year have the right to stay in the school they were attending while they were temporarily homeless. Transportation may not be provided once permanent housing is found;
3. Students who chose to enroll in school where they are temporarily residing must be enrolled immediately, even if they do not bring the records usually required for enrollment with them;

If a homeless student arrives without records, the school district's designated Homeless Education Liaison will assist the family and contact the previously attended school system to obtain the required records;

A child who is homeless and attending any school served by the local educational agency is eligible for Title I services;

A child who is homeless and attending any school served by the local educational agency is eligible for the Free and Reduced Lunch Program.

Parents wishing to review curricula and/or exempt their child/children from instruction of the aforementioned topics must contact the building Principal in writing.
PUPIL TRANSPORTATION POLICIES

Idling of Motor Vehicles

For the safety of staff and students said policies shall further restrict operators of school buses and personal motor vehicles, including students, faculty, staff, and visitors, from prolonged idling of such vehicles on school grounds and violators may be subject to a fine.

SCHOOL COMMITTEE: The school day begins when the students board the school bus coming to school, and ends when the students disembark from the school bus returning home. Each student is under the jurisdiction of the school administration during this entire period. With respect to pupils being transported, a written Policy Statement is required to provide the School Committee, Administrators, School Bus Contractor, Pupils and Parents with uniformly applied guidelines. Such a policy should be widely disseminated and clearly understood by all.

Riding the school bus is a privilege. This privilege will be taken away from any student who is not well behaved, courteous, or who endangers the health or safety of any student. Any decision revoking the privilege of a student to ride the school bus will be made only by school authorities. Prior to such a decision, the matter will be discussed with the bus driver and the student, the parent(s) or guardian(s) of the student will be informed. Before a student can have the bus privilege reinstated, the student and the student’s parents/guardians must meet with the Committee or designee to discuss the matter.

RESPONSIBILITIES OF THE STUDENTS

1) Only authorized students may ride the bus. 2) Obey the driver in all matters pertaining to the operation of the school bus. The bus driver is the representative of parents and teachers and is directly responsible for the safety of each student on the bus. 3) Exercise courtesy toward others while loading, riding, and leaving the bus. Application of this simple rule will result in a more enjoyable ride to school each day and will prevent many unpleasant situations from arising. 4) Arrive at the bus stop on time and wait for the bus in a safe location on the curb or shoulder off the road. There will be NO FIGHTING AT THE BUS STOP. If you should have problems with someone at the bus stop inform the Principal of your school so that the matter can be resolved. Appropriate school behavior is expected at the bus stop as defined in the student handbook. 5) Cross highways and streets only in front of the bus. Move away from the front of the bumper of the bus approximately (10) ten feet so that the driver can observe your crossing. DO NOT RUN OR DASH INTO THE STREET OR ROAD WITHOUT LOOKING BOTH WAYS EVEN THOUGH THE BUS DRIVER HAS TRAFFIC STOPPED. DO NOT WALK ALONG THE SIDE OF THE BUS OR CROSS-BEHIND THE BUS. 6) Do not trespass on private property. 7) Approach and board the bus in an orderly manner when the bus has come to a full stop, and the driver has opened the door. 8) Take your seat promptly and remain seated throughout the bus trip. 9) Assignment of seats is left to the discretion of the bus driver with the final approval by school authorities when necessary. Priority is set for the Kindergarten and first grade students to sit in the
front of the bus, but front seats are also made available when we have discipline problems. If seat assignments are made, compliance is mandatory.

10) Remain seated until the bus comes to a full stop, then leave in an orderly manner. NO PUSHING OR SHOVING IS ALLOWED. ANYONE WHO IS CAUGHT DOING THIS WILL BE REPORTED TO THE ASSIT. PRINCIPAL/PRINCIPAL, AND DISCIPLINARY ACTION WILL TAKE PLACE. BE COURTEOUS NOT TO BUMP INTO THE PERSON IN FRONT OF YOU. 11) Do not talk to the driver while the bus is in motion except in an emergency. 12) Avoid actions that might distract the driver. 13) KEEP YOUR VOICE LOW. NO SHOUTING, WHISTLING, PUSHING, FIGHTING, OR THROWING OBJECTS ON THE BUS. THIS WILL NOT BE TOLERATED. ABSOLUTELY NO NOISE WILL BE MADE WHILE CROSSING RAILROAD TRACKS. 14) Do not extend arms or any other parts of your body out the window. DO NOT THROW ANY OBJECTS OUT THE WINDOW OR SPIT OUT THE WINDOW. 15) THERE IS NO SMOKING ON THE BUS AND AT BUS STOPS. Social Media and Internet Use Policy

The Dracut Public School District acknowledges the role that various emerging methods of communication play in 21st century learning. As such, teachers, students, and parents engaging in these methods of communication for collaboration and learning is a necessary component. It is important to build an environment of trust and individual accountability. Therefore, members of the Dracut Public School District must understand that information shared through social media or a related method is a reflection of the larger school district.

For purposes of this policy, “social media” are any type of internet-based media created through social or group interaction, where individuals primarily produce – rather than just consume – the content. Examples of social media include: social and professional networking websites (Facebook, MySpace, LinkedIn), blogs (Twitter, industry blogs), video and image sharing websites (YouTube, Flickr, Pinterest), location-sharing websites (foursquare), consumer review websites (Yelp), virtual worlds (Second Life), and social bookmarking websites (Reddit). The lack of reference to a specific social media website in this policy does not limit the extent or application of this policy.

This policy applies to all employees during both working and non-working time, on or off Dracut Public School District property, regardless of whether the employee is using Dracut Public School District’s or the employees’ computers, network, internet access, equipment, or technology.

That being said, nothing in this policy is intended to prohibit employees from complying with or exercising their rights under any applicable federal state, or local law, or from communicating about wages, hours, or other terms and conditions of their or their co-workers’ employment.

The Dracut Public School District provides the following rules of use and social media guidelines meant to encourage employees to participate in relevant online social activities in ways that do not distract from or disrupt the educational process.

The administration will annually remind employees and orient new employees concerning the importance of maintaining proper decorum in the online, digital world. Such reminders shall include the possibility of disciplinary action, including dismissal from employment, for failure to exercise good judgment in online conduct.

The Superintendent or designees may periodically conduct internet searches to determine if teachers have posted inappropriate materials. When inappropriate use of computers, websites and/or social media is discovered (in violation of this policy and/or the district's Technology Acceptable Use Policy), the administration will promptly bring that inappropriate use to the
attention of the employee, and may consider and apply disciplinary action up to and including termination.

**General Guidelines:**

1. Inappropriate contact via e-mail, phone or other social media is prohibited.
2. It is inappropriate to post items with sexual content.
3. It is inappropriate to post items exhibiting or advocating use of tobacco products, drugs, and/or alcohol.
4. Adherence to all applicable privacy laws and regulations must be followed at all times.
5. Be aware of what you post online. Social media venues are very public. What you contribute leaves a digital footprint for all to see. Do not post anything you wouldn't want friends, parents, teachers, or a future employer to see.
6. Protect your privacy. By using social media sites you are broadcasting to the world. Even the strictest privacy settings may become public.
7. Be aware that others can view the sites that you bookmark.
8. Be aware of words used to tag or describe the bookmark.
9. Be aware of URL shortening services. Verify the landing site to which they point before submitting a link as a bookmark. It would be best to utilize the original URL if not constrained by the number of characters, as in micro blogs.
10. Your online behavior should reflect the same standards of character used in the school setting.
11. The use of anonymizing services, networks, plug-ins, or applications is prohibited.

**Employee Guidelines:**

1. It is improper to fraternize with students using social media/networks, or via cell phone, texting, or telephone.
2. All e-contacts with students should be through the district's email/telephone system or through a depersonalized social media platform, set up through the district's existing network, except in emergency situations.
3. Extra-curricular advisors and/or coaches wishing to establish a social media platform must do so by using a Dracut Public School District email address. In such cases, the password will be provided to the district in a manner it prescribes.
4. All contact and messages by extra-curricular advisors and/or coaches with group/team members shall be sent to more than one member (i.e. captains, officers), except messages concerning medical or academic privacy matters, in which case the messages will be copied to the school principal and/or the athletic director.
5. Employees may not list current students as "friends/followers" on networking sites.
6. Teachers shall not give out their private cell phone or home phone numbers without prior approval of the district.
7. Official business of the school should occur through existing school provided platforms (phone, email, authorized social media platforms).
8. Before posting photos and videos, parental authorization to utilize a student's image
must be sought.

9. Authorization to utilize a colleague's image must also be sought.

10. Dracut Public School District’s employees are personally responsible for the content they publish online.

11. The lines between public and private, personal and professional are blurred in the digital world. If you identify yourself as a Dracut Public School District employee you are now connected to colleagues, students, parents and the community. It is not recommended that you identify yourself as a Dracut Public School District employee on your personal social media.

12. When contributing online, do not post confidential student information.

13. Disclaimers should be placed on school-based social media.

14. It is required that teachers moderate content contributed by students in the course of an assignment and report any inappropriate material.

15. No addresses or phone numbers should appear on school-based social media.

16. When uploading digital pictures or avatars that represent yourself make sure you select an appropriate image. Images reflect on your professionalism.

17. Remember a social networking site is an extension of your personality, and as such an extension of your professional life and your classroom. If it would seem inappropriate to put a certain photo in the wall, is it really correct to put it online?

18. Employees should be aware of the public and widespread nature of such media and again refrain from any comment that could be deemed unprofessional including personal views and beliefs.

19. Do not contribute content that could be construed as a statement on behalf of the Dracut Public School District without authorization and without disclosing your employment relationship with the district or using the following disclaimer: “The content I have contributed to this site is my own and does not necessarily represent the views or opinions of the Dracut Public School District, as I am not a spokesperson of the district.”

**Student Guidelines:**

1. Follow the school's code of conduct when writing online. It is acceptable to disagree with someone else's opinions, however, do it in a respectful way. Make sure that criticism is constructive and not hurtful. What is inappropriate in the classroom is inappropriate online.

2. Be safe online. Never give out personal information, including, but not limited to, last names, phone numbers, addresses, exact birthdates, and pictures. Do not share your password with anyone besides your teachers and parents.

3. Be aware that pictures may also be protected under copyright laws. Verify you have permission to use the image or it is under Creative Commons attribution.

4. How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity.

5. If you run across inappropriate material that makes you feel uncomfortable, or is not respectful, tell your teacher right away.

6. Students who do not abide by these terms and conditions may lose their opportunity
to take part in the project and/or access to future use of online tools.

7. Be aware that consistent with School Committee Policies, (see harassment, discrimination, bullying) actions taken on social media platforms, whether school based or private, that impact the school environment, may lead to disciplinary action.

(Please sign the following pages after reading and discussing this form with your child)

I/We have read the Bullying Policy for the Dracut Public Schools. I/We understand that this policy is designed to make Richardson Middle School safe for all students. I/We have discussed with my son/daughter his/her responsibilities regarding bullying and reporting of bullying or harassment. I/We understand that any violation by my/our son/daughter of the bullying policy may result in school disciplinary action, including being removed from a course. Furthermore, if my child is a target of bullying, I will inform the administration at The Richardson Middle School.

“Bullying”, the repeated use by one or more students or by a member of school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that: (i) causes physical or emotional harm to the victim or damage to the victim’s property; (ii) places the victim in reasonable fear of harm to himself or of damage to his property; (iii) creates a hostile environment at school for the victim; (iv) infringes on the rights of the victim at school; or (v) materially and substantially disrupts the education process or the orderly operation of a school. For the purposes of this section, bullying shall include cyber-bullying.

“Cyber-bullying”, bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber-bullying shall also include (I) the creation of a web page or blog in which the creator assumes the identity of another person or (ii) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (I) to (v), inclusive, of the definition of bullying. Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (I) to (v), inclusive, of the definition of bullying.”

Bullying shall be prohibited: (I) on school grounds, property immediately adjacent to school grounds, at a school-sponsored or school-related activity, function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used by a school district or school, or through the use of technology or an electronic device owned, leased or used by a school district or school and (ii) at a location, activity, function or program that is not school-related, or through the use of technology or an electronic device that is not owned, leased or used by a school district or school, if the bullying creates a hostile environment at school for the victim, infringes on the rights of the victim at school or materially and substantially disrupts the education process or the orderly operation of a school. Nothing contained herein shall require schools to staff any non-school related activities, functions, or programs. Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying shall be prohibited.

I have read and understand the anti-bullying policies, procedures, responsibilities, and rules in the online RMS Student Handbook available at: www.dracutps.org I have discussed the issues with my son/daughter.

Parent collaboration is a crucial focus of Dracut Public Schools. Through our technology integration, we want to work with parents so they understand the different initiatives that are taking place at school. As parents, students and teachers working together, we become a strong learning community, therefore, creating more opportunities for our students to become successful.

As the parent or guardian of this student. I have read the Dracut Public Schools’ Technology Acceptable Use Policy. I understand that technology is provided for educational purposes in keeping with the academic goals of Dracut Public Schools, and that student use for any other purpose is inappropriate.

I recognize it is impossible for the school to restrict access to all controversial materials, and I will not hold the school responsible for materials acquired on the school network. I understand that children's computer activities at home should be supervised as they can affect the academic environment at school.

I understand and will support my student in adhering to the Technology Acceptable Use Policy. I am aware that if my child violates this agreement the consequences could include suspension of computer privileges and/or disciplinary action. I also understand the school network and email accounts are owned by Dracut Public Schools and that Dracut Public Schools has the right to access any of the information used through the mediums provided through the school at any time. I hereby give permission for my child to use technology resources in Dracut Public Schools, and expressly waive any right of privacy my child has in anything created, stored, sent, or received on Dracut Public Schools’ technology resources or network.
